

# PENGUINS

My favourite animals

# PENGUINS

- My favourite animal is a penguin.
- Penguins are black and white with some small yellow elements. The small ones are grey.
- They are quite small - about 50 cm height.
- They have very short legs and very short tail.
- They are birds but they can't fly.
- They live in very cold places with a lot of snow and ice.

They live in groups

I like them because they are nice and look funny when they walk.
